## Here's What Your Peers Are Saying!

---

"I like how easy they are to work into my flexible staff schedule. I don't need to have them come in on their 'off' time to take the tests. They are precise in their information and a good resource for the future."

— Linda White  
*St. Paul's Faith Garden*

"The CE tests are easy to use. All of my staff are able to benefit from them. I am extremely happy. The topics are of interest and the length and layout are great. I love getting hours without going to a class at night or on weekends."

— Sheila Londo  
*Three Bears Daycare*

"The topics relate to current child care issues and information. The cost is inexpensive, and the CE tests are easy to follow. The information gives them new ideas and strategies to use."

— Wendy Rose  
*Tender Loving Christian Child Care and Preschool*

"I learned things I haven't found classes for!"

— Teacher at Edgar Child Care Center

"I really like the fact that we can have workshops right here at our center for little to no cost. We really enjoy discussing whatever the topic each issue is. Also, the teachers have time to read and think about them. We love the CE tests."

— Wendy Torrence  
*Little Wonders, E.L.C.*
