  - Vol. 9, No. 11:** \*Mental Health Issues
  - Vol. 9, No. 12:** \*Stress Management
- \* The specific topic will differ in each CE test.

## Here's What Your Peers Are Saying!

“Thank you so much for the opportunity to use *FCSN* for our foster families. The study guides and CE test are helpful and very pertinent. Our parents have voiced their happiness and appreciation, not to mention you make our agency look even more professional. Thank you again for all that you do to help children. We certainly have the same goals. We make a great team.”

— Billie Harbison  
Vice President, Recruitment and Retention  
Boys' Home Association Families Plus

“Our agency has been using the *Foster Care Support Network (FCSN)* CE test training program for over one year. What a great training program! The information is easy to understand, and the variety of information has been great. We even use the information for discussions between staff! It has become a very convenient way for foster parents to obtain the needed training hours without having to leave their homes. Furthermore, in these times of financial crisis for the state of Minnesota, this is a very efficient and cost-effective way to meet foster parents' training needs. Keep up the good work!”

— Cheryl Garlick  
LSW, Nicollet County Social Services
